2026/27 Summer Research Program
Project Plan and Supervisor Approval Form

Note: This form must be completed by the student and supervisor prior to the student applying. The completed form is a required attachment in the on-line application.

Applicant name	
Project title	
Campus location	
Project description/summary (approximately 100-150 words).	
Project duration/timeframe State the start and end date of the project and how much time the student will need to spend on the project.	
Suitability Describe the student's suitability for the project (e.g. alignment with Program/Major; academic performance; plans for future Honours enrolment)	
Role and responsibilities Describe the role and responsibilities of the student.	

Outcomes Describe the expected outcomes and deliverables for the student.	
Expectations The student and supervisor must develop a project plan and related timelines to ensure that the student understands expectations and is well positioned to succeed. Please confirm that this will be available to the student prior to the start of the project.	YES ☐ NO ☐ The student must upload the Project plan in their on-line application. The format of the Project plan is not specified and own formats can be used. E.g GANTT charts etc.
Name of Supervisor	
Supervisor employment type	Continuing ☐ Fixed term ☐
If fixed term, provide expiry date of current fixed-term contract. Note: Fixed term positions must have an end date at least 12 months beyond the application submission date.	
Supervisor signature	
Date
